

### Our Vision & Mission Statement:

The EPC Civil Engineering management team are dedicated to achieving complete client satisfaction through timely project delivery, competitive tendering and the constant development of our business and its processes. The management team, through our own standards and experience will endeavor to lead by example. Our operational teams through our continued professional development and modernised training.

*“EPC have partnered with Triton on a number of projects over recent years. Their collaborative approach to a project is something we at Triton like, as this creates a good team culture on site and allows us to overcome potential issues collectively and quickly. The quality of work that they produce is of the highest standards and receives positive comment from our client’s team on regular basis.”*

*“We frequently engage EPC Civil Engineering as our contractor of choice resulting from their exceptional work ethic, Quality, and robust pricing. We recently collaborated on the Former Beeston Cattle market development. EPC have provided a sterling service, installing all aspects of the drainage from large diameter pipelines to plot drainage on 31 dwellings. The works have been completed Safely, sufficiently early and without defect.”*

*Well done EPC!*
